MEMORANDUM

TO: Kelcey Land, SPO  
Superfund Branch

Stuart Richardson, FITL  
Ecology and Environment

FROM: James B. Lehr, Director  
Environmental Services Division

SUBJECT: Approval of Richardson Flats Sampling Plan

The sampling plan is subject to the following, as discussed in the meeting of July 7 attended by Messrs. Ford and Greaves of Ecology and Environment and MacRae, Grabbe and Schwab of EPA.

1. The items addressed in the addendums dated June 24 and July 1 be incorporated into a revised sampling plan.

2. FIT should pay particular attention to the road at the southern end of the site to evaluate usage and potential impact on the project. If warranted, field adjustment of the RF AM 01 air monitoring location or other methods of minimizing the impact of the road on study results should be taken.
